

STUDENTS GO TO
AID FARM WORK

State College Students to Assist and Act as Farm Agents in State.

State College, N. M., May 11.—The students in the junior and senior classes who have taken the course in agriculture at the New Mexico College of Agriculture and Mechanic Arts, left last night and today for their respective localities to assist the county agents of the state in helping the farmers to increase the food production.

Charles Connors will go to Valencia county, where he will assist county agent Gus Hamilton. Edward H. Hinger will be the assistant of Owen Hunt, county agent of Union county. Dick Duvall will go to Carlsbad, where he will be the helper of J. W. Knorr, county agent of El Paso county. Ansel Gardner will act in the capacity of county agent of Grant county until a permanent county agent can be secured there. Stewart Sterling will also act as county agent of Roosevelt county temporarily. Leslie Higgins will assist E. Peterson, of Curry county, and Gates Vickers will be the assistant of the Chaves county agent, E. Diebler.

It is expected that these new laborers in the field of county agent work will be a great help toward promoting agriculture in the state.

WEATHER NOT GENERALLY
GOOD FOR TEXAS CROPS

Houston, Tex., May 11.—Abnormally cold weather has prevailed recently, with freezing temperatures in the Panhandle, which was unfavorable for crops says the U. S. weather bureau for Texas. Beneficial showers occurred, however, on the 8th and 9th, except in southwestern and extreme western counties, where moisture is still badly needed, but the accompanying cold largely offset the value of the moisture. Wheat, oats, ranges, and potatoes show a slight improvement.

WOMEN TO CAN
FRUIT FOR WAR

Dona Ana Auxiliary to War Board Starts County Canning Campaign.

Las Cruces, N. M., May 11.—The Dona Ana county women's auxiliary to the state war board held a meeting in the Amador hotel yesterday afternoon. The meeting was presided over by Mrs. Henry Bowman of Mesilla Park, with Mrs. Oscar Snow of Mesilla Park as secretary. One of the features discussed was the canning of fruits and vegetables.

The A. and M. college canning outfit is at the disposal of the women of the county. Much apparatus will be loaned to the college today under the direction of Mrs. Mesilla Park women.

A committee of five will be appointed by the chairman to inventory and devise plans for taking care of any surplus fruits or vegetables in the county, so that none will go to waste. This committee is to set dates when canning can be done. The capacity of the college plant is given as per day:

mini, but corn, cotton, rice and peanuts were unfavorably affected by the cold. Corn, on the whole, is up to normal advancement, but cotton is late, with a poor stand. Cotton planting continues in western and southwestern counties. Chopping his bean in scattered localities, and some potatoes are being harvested in Wharton county.

CONFERENCE IS HELD TO
PLAN FOR LARGER ACREAGE

LA MENA, N. M., May 11.—A conference between the members of the Elephant Butte Waters Users Association and L. M. Lawson, O. McDermitt and W. A. Barna of the U. S. reclamation service was held here, the principal discussion being possible means of increasing the amount of cultivated land and a greater distribution of water.

BOYS TO TILL
A BIG ACREAGE

Thousands of Acres of Waste Land to Be Used to Grow Food.

New York, May 11.—The response of American boys to the plea by the national council of the Boy Scouts of America that "every scout feed a soldier" has been so widespread that today thousands of acres of land where flowers or no vegetation at all grew are under cultivation to produce food.

Reports received at the organization's national headquarters here, it was announced today, show that this juvenile farming movement has attracted not only thousands of boys not heretofore associated with the Boy Scouts, but has led to cooperation by a great many men who, recruited by the army of the navy, hope to render a national service in agriculture.

Supplementing messages of approval from Herbert C. Hoover, director of the nation's food board, Theodore Roosevelt and others, the national council today made public letters from Mr. Leonard Wood, and Lieut. Gen. Robert S. S. Baden-Powell, founder of the Boy Scout movement in Great Britain, approving the efforts of the Boy Scouts.

SOLDIER GIVES HIS LAND
TO ANY WHO WILL FARM

Private Chas. L. Parkin, company A, Second United States engineers, called at The Herald office Friday and said he had 212 acres of land in North Dakota, which he will turn over to anyone who will farm it this year in an effort to increase the crop production of the country. He says 1800 acres form one tract 60 miles south of Bismarck and there is another of 520 acres 120 miles south of that city.

STUDENTS GET
A BEEF DINNER

El Paso's Reserve Officers Among 1169 First Day at Leon Springs

San Antonio, Tex., May 11.—Registration of student officers of the reserve corps, which opened at the Leon Springs camp, the first day showed an enrollment of 1169 men, assigned to seven companies of 167 men each, and included a number of El Paso's contingent. The registration will continue until next Monday.

The first meals were prepared in the army mess halls with food from the field events and the quartermaster's officers have supplied uniforms, bedding and other necessities to the students.

Get Ready Beef Dinner.

The first day's dinner consisted of roast beef, mashed potatoes, rice pudding, bread and coffee. The men are allowed 30 cents a day each for ration.

Three Arms Represented.

There will be 15 companies, the squares of each having a leader, most of them probably noncommissioned officers of the army. Instead of designating the companies by letters as in the regular establishment, the student officers will belong to companies numbered 1 through 15. Companies 1 to 10 will be engineers; companies 11 to 14 will be infantry; company 15 will be army discipline from start to finish of the three months' course. Col. W. S. Scott, commandant, said.

Regular Company Commanders.

Squad and company drill will be commenced as soon as the men are equipped. Maj. C. H. Martin, is the senior instructor and Capt. L. J. Chapman is the cavalry instructor. Regular captains are in command of all companies.

The basic training for the first five weeks will be identical in all companies, officers said. Then men from the various companies will be assigned to the work they seem most proficient in, connected with the three arms of the service.

GEN. DAVIS RETIRES AND WILL
MAKE HIS HOME IN EL PASO

Brig. Gen. Thomas F. Davis, who was retired from the army last Tuesday on account of having reached the age limit, 64 years, is virtually an El Paso man. He was stationed at old Fort Bliss when only a lieutenant and he married a pretty and popular El Paso girl, Miss Hart, a sister of Capt. Juan S. Hart, in 1896, and has spent part of his vacations here ever since, and now that he is retired, he will spend most of his time in El Paso, as he is interested with Capt. Hart in the ownership of a fine ranch near Mountain Park, N. M.

Gen. Davis entered West Point from New York, his native state, in 1871, and entered the army as a lieutenant of infantry in 1872. He was with Gen. Huell in his Indian campaigns on the border and in 1880 was with Huell's expedition into Mexico after a bunch of renegade Apaches. In 1877 Gen. Davis had command of the infantry sent to San Elizario to suppress the salt riot on that expedition he was followed by Joseph Schults the brass cannon, which was afterward presented to the local club and is now in San Jacinto plaza.

In 1883 and 1889 Gen. Davis was detailed to take charge of the post at San Diego, Cuba, and served there as collector of customs. He entered the campaign in the Philippines and was promoted to colonel. He was three times sent to the Philippines and was made a brigadier general in 1912. When the pershing expedition entered Mexico, Gen. Davis was placed in command of the third provisional division of the army, with headquarters at Douglas, and was in command of that division when he was retired last Tuesday.

Gen. Davis is at present stopping in El Paso as the guest of Capt. Juan S. Hart.

GEN. BELL WILL HAVE GUNS
POINTED AWAY FROM CITY

As a result of the "bombardment" of Manhattan heights and Grand View addition by field artillery for several days, causing three homes to be hit by subcaliber shells, Brig. Gen. George Bell Jr., has issued orders to the troops that no target practice for either artillery or other forces be held in the vicinity of the city, or that guns be pointed towards districts where there are houses.

He has ordered a rigid investigation to be conducted by Brig. Gen. St. J. Greble, commander of the artillery brigade, and it is said that officers responsible for the firing may have charges made against them. The responsibility had not been placed Thursday evening.

"The shooting was entirely accidental," said Gen. Bell. "A board will make a complete investigation of it. The shells overshoot the mark and it is the reason for them hitting in the residence section. There will be no more shooting toward the city."

TWO MORE EL PASO STUDENTS
LEAVE FOR OFFICERS' CAMP

Marvin A. Graham, who has been employed by the Grayson drug company, 411 East Boulevard for several years has left for Leon Springs, Tex., to take the course at the officers' reserve corps training camp for a commission in the army.

L. E. Waddell has also entered the Leon Springs school from El Paso. Orders were received from southern department headquarters Friday for 50 enlisted men stationed at El Paso, who have been commissioned in the officers' reserve corps, to report on Monday at Leon Springs, Tex., to take the course of instruction at the training camp.

Several students in the officers' training schools at Ft. Bliss and the other military camps at El Paso also will be transferred.

Dr. J. J. Bush of El Paso, has made application for a commission in the medical reserve corps of the United States army. The commission will be tested by the surgeon general at Washington.

DIES ON BATTLE FRONT.

"Billy" Smith, house detective at Hotel Paso del Norte, has received copies of the Adelaide, Australia Chronicle, announcing the death of his nephew, private Ken Matthews, of the Australian troops, which occurred in March in France. Matthews visited his uncle in El Paso about four years ago.

Albert Jackson, Back From Death's Playground Gives Mother a Surprise

Mrs. C. P. Jackson, 510 South Kansas street, was the happiest mother in El Paso Thursday night when her son, Albert M. Jackson, late of the 21st battalion, American legion, fresh from the trenches in Alsace, France, walked into her arms. It was the first time she had seen him for a year. A few weeks ago a rumor that a Texas boy had lost his life in a battle on the war front, caused Mrs. Jackson much anxiety.

Jackson told The Herald that he landed in New York May 1 from duty in the trenches in Alsace, almost unable to walk as a result of days and nights in muddy trenches, but that he had not been wounded. He said he enlisted under Capt. R. McCormick, under the Stars and Stripes. The American legion, Jackson said, in infantry, having "bank" companies devoted for onslaughts upon the German lines.

RED CROSS AID CLASSES TO BE EXAMINED AT MT. SINAI

Final examination for members of Red Cross first aid classes are to be held at Temple Mount Sinai this afternoon and this evening. Dr. W. L. Brown, chairman of the El Paso chapter of the Red Cross, will be in charge of the examinations. Members of the afternoon class will be examined this afternoon, and of the night class tonight. Dr. R. P. Johnson is first aid instructor for the Red Cross classes.

Fat That Shows Soon-Disappears

THE big hits that everyone is singing right now—the catchiest, brightest songs of the day are here for your enjoyment on Columbia Records with so much snap, life and genuine good singing that you'll vote them the best you have ever heard.

Voices, recording, accompaniments—the songs and the way they are rendered on these records will rouse all the enthusiasm you have. These are the songs and records you want!

"Where the Black-Eyed Susans Grow"

Popular Sam Ash sings "I'm Going Back to a Shack Where the Black-Eyed Susans Grow" in a way that makes this catchy, bright tune an invitation for you to come back with him, too. On the other side is the ballad success, "After You've Had Your Way."

"For Me and My Gal"

Ragtime at its best, syncopated joy—a swinging, jingling tune that will set your shoulders swaying—here is a wedding song that's a hit indeed! And "Cross My Heart and Hope to Die" is the funniest "kid" song ever.

"Poor Butterfly"

Here is the finest tenor rendition of this greatest song-hit in years. Charles Harrison's fine voice brings out all the feeling in the touching little story of "Poor Butterfly," and the string accompaniment of the refrain has a poignant quality that will grip your heart. Charles Harrison sings another classic, "My Rosary For You," on the other side.

With those other genuine hits, "If I Had a Son for Each Star in Old Glory" (A2209, 75c) and "She's Dixie All the Time" (A2210, 75c), here you have five records you should not miss hearing. And once you hear them, you will want to own them, too!

There's a store that shows the Columbia "music-note" trademark right in your vicinity—make this the occasion to renew its acquaintance sometime to-day or to-night.
